OUR PART IN THE WAR

At the present time when the Empire is passing through the most critical time in its whole history, there is a part to be played by every man, woman and child in Canada if we are to administer to our country's enemy the total and ignominious defeat which they so justly deserve.

For years in Canada almost every store in every town has been selling stuff over its counter marked "Made in Germany," until now the phrase has become almost a byword. Now that the British navy has succeeded pretty well in driving German commerce from the seas it means that German goods are barred from the markets of the world, where, until the Kaiser challenged civilization they held their place. The money that has been going towards developing industries in Canada, and especially Western Canada, has been going to support the country which is the cause of this fight which has been compelled to make for its very national existence. The time is now at hand when we must build up a new commerce to take the place of the one that has been destroyed. We can best do this by every man, woman and child denouncing that every article we buy bear the mark "Made in Canada" or "Made in Britain," or failing to find what we want in these, at least stick to goods made in France, Russia, Belgium or America.

This may mean a slight sacrifice, as the Germans are already making tempting offers through agents in neutral countries to hold the trade, but surely a few cents' reduction in price or the abandonment of a formed habit would not tempt any real Canadian to sell his or her birthright. By standing together and taking the stand that the dollars of Canada will be kept in the Empire, and as much as possible in Canada, we are contributing to a fund to keep our own workingmen, our own industries and our own mercantile establishments.

This is as much a defensive measure as going out to fight, and the habit once formed can be handed down to our generations as an everlasting punishment to the nation that allowed its ruler to wreck the peace and commerce of the civilized world.

Get the habit. Insist on the "Made in Canada" label. Build up home industry. Britain never will be slaves to German commerce.

Just while we are on this subject there is another matter along the same line that we should keep in mind, and that is the employing of German labor. There are in Canada today thousands of Germans, many of whom have only been in the country a short time. We do not believe in harassing them in any way, we do think they should not be given employment which unemployed British subjects could do. Just the other day when talking over this matter we were informed that a firm in town which sent three of its staff out to the battlefield had scarcely enough business now to keep one man going, while another firm engaged in the same business and owned by bitter enemies of the empire, were getting all the work they could do. Another similar case exists just a few miles north of town, where the German has the steady job as foreman on the government road to boss a gang

PATRONIZE HOME INDUSTRY

Money spent at home means helping to build up schools, churches, sidewalks, sewers, roads, etc., in your own town. Money sent out of town to departmental stores, etc., means helping to build up some other town or city. Which do you want to help your own or some other town?

of British subjects, who only get two or three days' work a week. We are informed on reliable authority that in both these cases it came to a show down these men would not the Kaiser's uniform and go out to fight against the interests of the very people who are now using them so liberally.

A MUNICIPAL FARM

Par-seeing men in touch with events and conditions likely to meet with next year are advising the cultivation of a much larger acreage of land, and larger crops, to meet a probable demand and to provide employment for men who are now compelled to leave their homes and look for employment elsewhere.

Calgary has this year carried out a back-to-the-land movement that has been very costly. Fifty hundred vacant lots were turned over to the poor people of that city. The ground was prepared for them, and crops of garden truck were raised that will go to the people of the city. The small farmers during the coming winter. The people to whom the ground was allotted showed the greatest interest in the movement, and the results of their intensive cultivation were so gratifying that it is proposed to increase the number of lots to fifteen-hundred next year. The city prepares the ground for seeding and supplies the water needed at a nominal figure.

Abundant evidence is at hand that Redcliff soil only needs water to supply every family in town with a competence. There are many gardens in town as thrifty as may be seen anywhere. A lone Chinaman a few miles north of city expresses the conviction that with plenty of water he could raise \$10,000 worth of vegetables in a season, and what he has already done goes a long way toward proving his assertion.

The time is ripe for a "Municipal Farm" in Redcliff, and the facilities at hand are so easily and cheaply available that the Review suggests that the experiment be tried here.

Some hundreds of idle acres might be secured at a nominal rental. The city could prepare the land and supply the water at a low figure, and allot one or two acre tracts to those who would cultivate them industriously.

We believe such a plant would be the most valuable industry the city could have. And we believe an irrigated tract properly cultivated would show that such land as may be irrigated is more valuable for garden and farm purposes than it will ever be for purposes of sub-division.

If the experiment is to be tried, the ground should be ploughed and harrowed this fall. The rest of the work could be done next spring.

LOYALTY THAT COUNTS

In addressing gatherings in the old country last week, both Lord Roberts and Premier Asquith referred to the fact that even in England the young men were not taking the present crisis as seriously as they should. Even while the Empire is engaged in a fierce struggle which may mean a complete change in the map of Europe, while just across the channel there is the

boon of cannon, the shriek of shrapnel, the stunning rattle of musketry and the dying groans of thousands of Britain's brave sons, there are, Lord Roberts says, millions of men in England, Ireland, Scotland and Wales, who are yelling themselves hoarse over some football or cricket match.

Although all Canada, from coast to coast, is responding liberally to the call in both men and money, we fear there are many amongst us like the athletic enthusiasts in the old land. It was just the other day we had a most interesting conversation with the wife of one of the young men from Redcliff who is now on his way to the front. Her loyalty and patriotism inspired us. While she felt her husband's horrors of war, and while the separation from her husband, the terrible anxiety and still more terrible thought of what might happen meant so much to her, she felt her husband was not doing his duty. She paid a great tribute to the kindness and loyalty of Canadian and American people, but said it grieved her to think there were so many Englishmen turning the street doing nothing but find fault while their country needed their services so badly.

"FOR ALL WE HAVE AND ARE" LONDON, Sept. 1.—Rudyard Kipling contributes the following poem to the London Times: For all we have and are, For all our children's fate, Stand up for the flag, The Hun is at the gate.

Our world has passed away In wanton overthrow; There's nothing left today But steel and fire and woe.

Though all we know depart, Though all the nations go To encourage keep your heart, In strength lift up your hand.

Once more we hear the word, "That alienated age of old— No law except the sword, Unhatched and uncontrolled."

Once more it leaps mankind; At most the nations go To meet and break and bind A crazed and driven foe.

Comfort, content, delight, The ages slow-brought gain They shivered in a night— Only survivors remain.

To face the fatal days, In silent fortitude, Through perils and dangers Renewed and still renewed.

Though we may all depart, The old commandments stand: In patience keep your heart, In strength lift up your hand.

No easy hope or lies To bring up to our goal, But iron sacrifices Of body, will and soul.

There's but one task for all, For each, one life to give; We stand in freedom's fall, Who dies if England live?

WILL HAVE WAR SPEECHES PRINTED

On motion of Premier Borden, at the war session of the Dominion parliament, it was carried that the correspondence respecting the European crisis which had been presented to the Parliament of the United Kingdom, together with the speeches of Sir Edward Grey, foreign secretary, and Premier Asquith, delivered on August 6, be printed in Hansard forthwith.

On the suggestion of Mr. Michael Clark, the speech of Mr. Borden last night, together with the speeches of Sir Wilfrid Laurier a sufficient number of copies of these very important papers will be printed so as to be available, not only to the members of the House but to the people at large throughout the country. This will be a very valuable historical document and as soon as issued should be secured by every citizen and carefully read.

FEED FOR CATTLE

The Lethbridge Herald is in receipt of many requests from stockmen and farmers in the north who are used for sale, or who are looking for stock on shares. Any farmers in the north desiring information may obtain the same by writing to the editor of the Herald, Lethbridge.

FURTHER HELP FOR HOMESTEADERS

The government at Ottawa has decided to give a further increase of aid to homesteaders in addition to that already given. All needy homesteaders who have left their homesteads for the purpose of earning money by assisting in harvesting operations in order to support themselves and their families will have the time so spent counted as if it were actually spent on their own homesteads. Thus, if a man has not in four months on his own homestead this year and has been forced by his need to assist another man in the harvesting of the latter's crops for two months he will be treated as though he had remained continuously on his own land for six months, the land prescribed by the act relating to homesteads. This new provision means that homesteaders who have gone away harvesting will not lose a year's work as they would have done if the privilege above referred to had not been extended.

300 RUSSIAN FARMERS COMING TO ALBERTA

Have Been Located in California, but Find Living There too Expensive.

No less than 300 experienced irrigation farmers from central California, all Russians, will leave their farms across the line and settle in the eastern block of the C.P.R. irrigated district. These farmers have been in the most of cases, and a certain amount of capital. Consequently they will be in a position to go on the land probably next spring and bring forth the best results possible in a very short space of time. These farmers were dissatisfied with conditions in California, since many of them were paying as much as \$20 per acre per annum rental on their land.

5000 TO THE ONE THAT BRINGS THE FLAG BACK

C. F. Herbert, of Winnipeg, in presenting a flag to the 100th Regiment of that city, made an offer of \$500 to the man who brought it back after it had gone through active service.

THE TOWN OF REDCLIFF.

The Voters' List for the coming year is now being prepared and will be published in the near future. To facilitate this work any person qualified to vote and whose name is not on the Assessment Roll should immediately notify the Secretary-Treasurer so that his or her name may appear on the Voters' List.

P. H. COURTNEILL, Secretary-Treasurer.

MAY CONFISCATE GERMAN HOLDINGS

The government is looking into the question of the possible confiscation of German investments belonging to residents in the present war, and which aggregates tens of millions of dollars.

It will be remembered that some ten years ago, a story emanating from Berlin was published to the effect that Kaiser Wilhelm himself had created very largely in British Columbia timber and mining concessions.

It is stated that his agent in Canada, Baron Alvo von Alvensleben, invested German capital in British Columbia timber lands to the extent of \$2,000,000. No confirmation of this is available from the Dominion department of interior today, but officials are now looking into the matter up.

Under the regulations of the department, no lease can be granted except in the name of the British subject and legally there may be some difficulty in the way of confiscating but if it can be shown that the investments are really those of German residents in the present war, steps will probably be taken to claim the property for the crown. The question is, of course, apply to many other undertakings in Canada in which German capital is involved. The question is being looked-up by the justice department as to the rights of the crown in such instances.

It may be that part of Canada's war budget may be financed by the simple process of confiscating German money now in Canada. That has already been done in Germany in the case of British investments there. The cancellation of German and Austrian patents held in Canada is also another likely step.

THE PRESBYTERIAN CHURCH.
The Rev. A. B. Aldridge, Associate Secretary of the Alberta Temperance and Moral Reform League, will speak in the church at eleven o'clock forenoon, and in the Empire theatre at eight o'clock on Sabbath next. As Mr. Aldridge belongs to all the churches, the evening service has been put late so as to permit members of the various denominations to attend. The subject in the evening will be "Rum, Rum and the Opposition Army," and will be illustrated by slides beautifully colored. Mr. Aldridge comes in connection with the movement for prohibition for Alberta, and you should hear him whether you believe in prohibition or not. Hear and judge.

The Sabbath School meets at ten o'clock forenoon, and is well attended. All are welcome.

The usual Labor Day service being supplanted by the prohibition meeting the Wednesday evening prayer service will consider "Labor, War and the Church." You had better attend this service! On Thursday the Ladies' Aid meet at 8 p.m. and the Choir at 8.

CHURCH OF ENGLAND.
Friday at 7:30 p.m., Special Service of Prayer and Intercession for the War.

Sunday next: Holy Communion, 11. Sunday School, 2.30. Evening, 7.30. Northwest Sunday School at 2.30 in the empty store at the back of the Northwest Grocery Store.

Choir Practice, Friday evenings after service, instead of Thursday.

On Wednesdays and Fridays at 7.30 a service and special prayers will be offered during this time of war on behalf of our Empire and on behalf of our forces and those of the allies. While the world calls to war the church calls to earnest prayer for peace. All earnest Christians are invited to come and share these services, especially on Friday evenings. "More things are wrought by prayer than the world dreams of." All services are held in the Parish Hall on the corner of Fifth street and Fifth avenue.

THE UNION-BIBLE CLASS.
The Class meets at half-past three on Sunday in the Presbyterian church. A very large number of its members have left town, and thus there is room for some recruits. The attendance keeps up well, and under the guidance of an able teacher the Class does its best teaching. Lesson next Sabbath: "The Ten Virgins," Matt. 25:1-13.

BE KIND AND CHEERFUL.
If isn't the amount of religion a man has that makes him good and the him for heaven? It is the amount he does. Long prayers and loud professions do not count but the man who loves his fellowmen and fellowcreatures who smiles for all, including his wife and children, who never smiles on Sunday or looks the dog when he ought to kick himself, who speaks well of people when their backs are turned, and under all circumstances keeps an even mind—that man doesn't have to go to heaven. He gets to feel happy all the time as a matter of habit, and he takes all the deprecation of "To with philosophical satisfaction—Exchange.

LOCAL POET WRITES PATRIOTIC POEM

It is not every town that has a poet laureate of its own, but Redcliff always is just a little ahead of other towns. Below we print a poem which is very unique and, in our humble opinion, very fine. It was composed by our esteemed mayor, B. J. Bell.

STANDARD OF EMPIRE
In this hour when stern conflict is raging,
Our nerves tense, and hearts all a-fire,
With passions as deep as 'our life-blood';
We not only for victory strive;
We would feel through the war we are waging.

The heart-throbs of Bethlehem's Star,
Endeavouring manfully, always
To be worthy of victory afar,
To be worthy of victory near.

When the din of battle inflames us
With courage to do and to dare;
When the Might of the Right inspires us
To lay treacherous selfishness bare.

To then we must heed lest we falter
Glimping fair Bethlehem's Star!
To then we must earnestly struggle
To be worthy of victory afar.

To then, O Great Ruler of Nations,
We proffer sincere, humble prayer
Protect our brave soldiers who battle,
Make them Thine own special care.

Then, when the war-cloud is lifted,
Let the world behold Bethlehem's Star,
May our history of Empire bear witness
We are worthy of victory afar.

COMMUNICATIONS.

While we are always glad to publish communications dealing with news items pertaining to the welfare of the community, we do not hold ourselves responsible for the views expressed in them. We do not intend to publish any such communications unless the right to accept them is clearly stated. We will also be responsible for the right to be heard under this heading—Ed.

WILL PRESENT FLAG TO THE TOWN

Editor Redcliff Review:
A short time ago you mentioned that there were a number of flag poles without flags. I have noticed in particular that there are two on the Imperial Bank, also the law firm opposite that a flag be hoisted on all public buildings during war time. Where is the flag on the post office or the town hall? I was wondering to see some of our worthy citizens, and they say that the finances of the town will not allow them to go to such a great expense. This being so I will present the town with a flag if the council will please order it. I will erect a flag pole and fly the flag. Yours truly,
GLEN SMYTH.

We are in receipt of another communication headed "Flag Pole," but as there is no name signed to it we cannot publish it. People writing letters to the press must send their names also, not necessarily for publication, but as a guarantee of good faith.

Millions in Poets

Between \$20,000,000 and \$25,000,000 is the estimate placed upon the total revenue from billboards in the United States and Canada, by delegates at the opening session today of the annual convention of the National Advertising Association of America, held at the Hotel Hamilton, New York.

Soft corners are difficult to eradicate, but Holloway's Corn Cure will rub them out painlessly.

A Columbus, traveler driving from Florida to Iowa through the pine woods of Iowa, saw a drove of emigrants hawking eggs really trying from Iowa to Florida.

"Well, you see, my woman explained, 'my old man is deaf and dumb, and when he stands in the legs he learned them to come when he tapped on the leg.'"

"I know a nature bird," said Mr. B. B. the author, "and I have seen a lot of his kind since I have been a writer."

"I've claimed that these far-crooked chicks were a proof of nature's adaption of all animals to their environment, but the seventeen eggs laid by him of the cold storage variety."

WOMEN WHO ARE ALWAYS TIRED

May Find Help in This Letter.

Dear Mrs. M., "I cannot speak too highly of your medicine. When I began to use it, I felt better and I was able to get on my feet."

"I am a very old woman, but I feel better than I have for many years. I have been using your medicine for some time and I feel better than I have for many years."

ITEMS OF LOCAL INTEREST.

Mr. Murray L. Gordon is visiting his parents at the Manor.

Mayor Holt is spending a few days in Regina this week on business.

The next hog day in Medicine Hat will be held on the 29th of this month.

At next Monday will be Labor Day and a public holiday, all the stores in town will be closed.

Medicine Hat is to be made a remount center, where horses for the army will be bought.

Harry Schimmigour has resumed his duties in the Overland Store after spending his holidays in Banff.

Frank Broughton and his bride returned to Redcliff last Wednesday after spending their honeymoon in the east.

Anyone wanting to arrange for a supply of pork for the winter should see Poundmaker Crooks. He has some nice ones.

Because it sounds too German the Russian government has changed the name of St. Petersburg, their capital city, to Petrograd.

Mr. W. Cook, of Medicine Hat, is at present engaged as machinist in the Redcliff garage. He will move to Redcliff to reside.

The Brick and Coal Co. have added about twenty-five men to their staff in the brick plant, in order to rush out some back orders.

Mr. F. W. Jones and family left Wednesday evening for Havre, Montana, to join Mr. Jones, who is running a sheep ranch near that town.

Mr. C. F. Jamieson, editor of the Medicine Hat Times, was in town yesterday on business. He leaves for Montreal tomorrow night on a short vacation.

F. S. Gregson, who has been employed as clerk in the Overland Store, has answered the call for recruits to the mounted police and left this week for Regina to enlist.

Shooting season is on again, and already there has been one sad fatal accident in the district. Shooters should get the idea that a gun is always loaded and handle it accordingly.

The new Presbytery of Medicine Hat met this morning (Friday) in St. John's Church, Medicine Hat, and was attended by the Rev. G. L. Gordon and Mr. James E. Fickleton of our town.

Mr. J. W. Jardine, who has been conducting a cleaning and pressing business, has moved his quarters to the store previously occupied by McNaughton Bros.

In a card from J. Jones, one of the reservists who left here, he states that he sailed with 300 other reservists on the S.S. Grampian last Friday.

Jack Calderwood, who has been chief of the fire brigade, has been engaged by Chief Reynolds to act as constable during the absence of Constable Washford, who has gone to the front.

Mr. McAllister, manager of the Overland Department Store, has moved his wife and family to Redcliff, where they will reside in future. They will live in the house previously occupied by Mr. Martin.

The duck season opened last Tuesday, but as the day runner has been without any ducks in the district the ducks are very scarce. As a re-

sult very few shooting parties left town on the opening day.

Mr. R. Adair, of the Ornamental Iron Works staff, left last Saturday morning for Calgary, Alta., where he will visit for a few weeks. When Mr. Adair returns he will bring his wife and family with him to reside in Redcliff.

A communication appears in this issue drawing attention to the use of empty gas poles in town. Since the communication was put in print the big sign down from the front of Mr. T. A. Hicks' store.

A terrific wind storm passed over the town last Sunday afternoon, and besides being most disagreeable did considerable damage. When it was at its height it lifted the roof off Mr. Patterson's bakery, and also tore the big sign down from the front of Mr. T. A. Hicks' store.

At the pond last Tuesday two fine young horses were sold by auction. They had been in pond since July 6 and had not been called for. The buyer horses will be sold on Sept. 24, unless claimed before that time.

City Engineer, Grimmer, of Medicine Hat, is organizing an engineer's corps for service at the front. The corps is made up of all kinds of mechanics, and they are drilling regularly, so as to be ready when the call comes.

Mr. and Mrs. C. S. Rice, who have been spending the past week doing shooting in the Cypress Hills district, returned home Wednesday evening. They had a very successful hunt, and thoroughly enjoyed the outing.

We understand that a recruiting office from the Imperial army was in town last Saturday trying to get young men enough to fill up their company. He secured several volunteers here, but we have been unable to get their names yet.

The new session of Redcliff Presbyterian Church held its first meeting on Wednesday evening, and transacted a good deal of business. Including the appointment of the following officers: Clerk, Mr. D. F. R. Robertson; Treasurer, Mr. Chas. W. White; Representative to Presbytery and Synod, Mr. Jas. E. Fickleton. Notwithstanding war and dull times, the outlook of the Session was decidedly optimistic and encouraging.

The officer commanding the British remount station at Toronto, Ontario, General Sir Frederick Benson, has commissioned Lieut.-Col. Robert de Bray Russell and Capt. C. H. H. Jobliffe to inspect and purchase such horses as may be offered for sale at Medicine Hat in the equipment as remounts for the cavalry and artillery of the British army.

We understand there is a movement on foot to organize a company to ranch and farm. The company will consist of one hundred members and each member will put in five dollars a month for twenty months, which will pay for one share. A member can hold but one share. Their outgrowth stock will be the main feature. It will give men and women with moderate means a chance to do something for themselves. We think the idea is a good one.

The boys on the Merchant's Bank staff have rented Mayor Holt's brick house on Fifth street, and have started housekeeping. Manager Pike, who is acting as pa of the house, says he is gaining flesh already. This announcement will be a big disappointment to our citizens, as they all thought his worship was going to need the house for himself and somebody else.

About four o'clock yesterday afternoon a loud report and slight tremor of the ground made several people in town think it was an earthquake. It turned out, however, that at that time a quantity of powder in an old powder house in the flat was ordered to be destroyed as it was considered dangerous and was its usefulness.

The Broadway Department Store reopened again for business today with Len Barber as manager. The store has been all cleaned up, rearranged and the fine stock carried in the store is a credit to Redcliff. A good crowd visited the opening, all of whom were glad to see Mr. Barber at the job again.

It is not often a man helps out his own stock in pounds, but that was peculiar experience of Mr. Hubs yesterday. His pigs got out of their pen and started out to see the town. They had not gone far till they were rounded up by Mr. Crooks, and as Mr. Hubs was not at the time and had nothing else to do, he helped Crooks drive them to the pound. When he returned to the barn and found his pig yard empty it suddenly dawned on him that he had helped compound his own porkers. It was too late then. He could not get them back before he paid over the pound fee.

Frank Parker, who has been employed by the Atlas Lumber company here, is at present in Fortes, Saskatchewan, the company's agent at that point. Before leaving Redcliff, Frank received a letter from his mother in England in which she reviewed the critical condition through which the Empire is passing at the present time, and said that he motherhood was never in greater need of men to help fight her battles than on this occasion. Although she already has two sons on a battlefield, she encouraged Frank to enlist also and render his services to his king and country.

Pete Poole, one of Redcliff's first settlers, stopped off here for a few days this week on his way east. Mr. Poole was a carpenter and the construction of the Redcliff hotel. Lately he has been farming near Carleton.

Geo. Proctor and Sam Pater, two young men of this town, have been Grimmer's Engineers at Medicine Hat. They attend drill and target shooting regularly.

Chief Reynolds received a post card from Constable Washford, who is now with the volunteers at Valcartier. Immediately after arriving there Washford was made a corporal. His past training and South African experience will help him fit him for that position.

Mr. and Mrs. E. L. Aultman have moved to their new quarters in the Lockwood Block, Broadway street.

Jim Waters leave on Sunday morning for Victoria, where he will join the naval volunteers.

Two men in town claim to have seen a stinkhorn in the woods, and were out last Monday morning just at daybreak. We have neither seen or heard any further reports of its starting place or destination.

Mr. and Mrs. Parker left last Saturday for Ontario, where they will spend a few months visiting friends and in around Toronto.

No doubt the town council will accept the kind offer of Glen Smyth appearing in this issue.

The 23rd Alberta Rangers, headquarters Pincher Creek, with their squadrons located at Pincher Creek, Claresholm, Carleton Place and Marmarth, is ready for service. The whole regiment volunteered at the outbreak of the war for active service, but as the call was for infantry, could not be accepted.

WAR NOTES

LONDON, Aug. 31.—Queen Elizabeth of Belgium, with her children, arrived in England today. The government departments will be transferred temporarily to Bordeaux.

OTTAWA, Sept. 1.—Offers from American officers, the majority of whom have seen military service in Cuba, the Philippines or Mexico, continue to be received by the military department in large numbers.

LONDON, Aug. 31.—An Antwerp dispatch to Reuters' Telegram, contains news that it is reported here that General Pau has won a brilliant victory over 50,000 Germans near Verdun, in the department of Somme.

LITHBRIDGE, Sept. 1.—Some 70 prisoners among the prisoners from the Royal Northwest Mounted Police and the confinement quarters are taken to the utmost as a result of the taking of prisoners endeavoring to get out of the country.

LONDON, Aug. 31.—Hon. David Lloyd-George, chancellor of the exchequer, announced in the house of commons tonight the moratorium would be extended for a month. It would be too risky, he said, to bring it to an end at once.

LONDON, Sept. 3.—Nearly 250 recruits from Canada are undergoing special training in heavy gun work at Woolwich arsenal with a view to joining the new Royal Garrison Artillery brigade, which is being forward most of the men sailing from the Canadian west.

HONOLULU, Aug. 31.—The American liners China and Manchuria of the Pacific Mail Steamship company's Oriental fleet, were halted by British warships off Hong Kong and forced to surrender to 60 Austrian and German reservists bound for the European war zone in the Philippines.

OTTAWA, Aug. 31.—The minister of militia continues to receive offers from Canadians who are anxious to recruit forces to serve the empire abroad. The latest offer is received from Major Duncan Stewart of Calgary, who wants to be allowed to recruit 500 men without charge to the government for pay or food until the force is entrained at Calgary.

DULUTH, Minn., Sept. 1.—Three Austrian reservists trying to make their way from Port Arthur, Ont., to Austria, via the United States, were sent virtually as prisoners of war on the steamer Noronic in the Duluth harbor today for five hours, and then were taken back to Canadian soil on the same boat.

LONDON, Sept. 3.—The Prince of Wales fund is up over £100,000. Recruiting in Great Britain has received impetus from the events of the past fortnight.

THEY ALWAYS COME BACK
Two of our footballers from Redcliff, one Angus, and
Left for the harvest fields again:
But soon they returned with a long
list of trophies.
They told the tale as old hands do.
But it wasn't so thick that we couldn't see through.
Their men's faces flashed back to the
days that had passed.
And they thought in their minds, Oh
with I was back.
So they took the next train and for
Redcliff did make.
And they landed right back in this
very same place.
C— and C— were the names of
the two?
They said it was wet, but I doubt if
it's true.
(But still if I think right C— look-
ed blue).
But the reason for that I think is
quite plain.
I don't think he alone was only to
blame.
T. G. J.
